

MAY PROVIDE A SECOND SUPERIOR JUDGE

Talk Among Attorneys Looking Forward When Another Will be Imperative

ASSEMBLYMAN IS ASKING INFORMATION

Bishop Will Wait Until Amendment Heard From Before Making up Mind

Orange county may have another superior judge, making two for the superior court of this county. There has been some talk among attorneys that with the increasing amount of business coming into the superior court another judgeship should be created.

The method of establishing another judgeship is through the passage of an act by the state legislature. Consequently, the assemblyman is the one to be looked to for putting the bill through.

Assemblyman Clyde Bishop was asked what he knew about the proposed measure.

"The proposition is still indefinite," said Bishop. "There are various views upon the subject. Some think the judgeship should be created to take effect two years from now, others four years from now."

"I know this to be the condition in the superior court of our county: If every case now pending should be set down for trial and tried as quickly as possible, it would take from now until September to clear the calendar. I also know that the superior court here transacts more business than the superior court of a sister county that has two judges."

"I have not made up my mind as to what ought to be done. I am in this matter as in all matters that I may be expected to deal with in the legislature, absolutely glad to hear every side of the question. I want all the information and views I can get. I want to hear from the Bar Association. I want to know what the people think about it."

"I will not make up my mind concerning the bill until after I have heard the result of the vote upon the constitutional amendment submitted to the people on Nov. 8, in regard to the selection of an attorney by stipulation to try a case, the attorney so selected to have all the powers of a judge of the superior court. The amendment, whether carried or lost, will be an important factor in the matter of a second judgeship for Orange county."

District Attorney Davis stated that he had not talked the matter over with anyone, but that he knew that at present the calendar is filled for some months to come.

"The present condition of the calendar ought to count," said he. "The court is crowded now."

Attorney R. Y. Williams stated that the matter had been spoken of recently, it being a fact that the superior judge now has his calendar filled until in April.

"The legal business of the court has been growing rapidly," said the attorney. "It will continue to grow. Looking forward to what the business will be two or four years from now it seems almost certain that one judge cannot handle the business. Litigants have a right to have their matters disposed of as quickly as possible, and yet a judge deciding important matters should be allowed a fair time for decisions. Orange county is growing rapidly. We are rated now as a county of the fifteenth class. I think the new census will put us in the tenth or eleventh class."

YEGGMAN ROBBED SAFE UNDER RAIN OF LEAD
GARDEN CITY, Iowa, Dec. 2.—Yeggmans dynamited the safe of the Farmers' Savings Bank here today and fighting off a citizens' posse, escaped with \$1800. The men worked at the safe while citizens rained lead on them. A sheriff's posse is pursuing them.

"FATHER OF TRUSTS" DIES IN NEW JERSEY

Judge James Dill Was Reporter in Youth—Life in Danger in Mollie Maguire Riots

ORANGE, N. J., Dec. 2.—Judge James Dill, called the "father of trusts," died here today. Judge Dill helped to incorporate many of the largest trusts in the country, and derived from them an income estimated at over \$300,000 annually. In his younger days Judge Dill was a reporter. During his work in connection with the Mollie Maguire riots, the train on which he was riding was dynamited, Dill being one of the four escaping death.

WENDLING DENIES MURDER OF LITTLE ALMA KELLNER

LOUISVILLE, Dec. 2.—A general denial of the murder of Alma Kellner, the child whose body was found in the basement of St. John's Church, was made today by Joseph Wendling, charged with the crime.

The prisoner on the stand gave a detailed history of his life, telling of his life in Louisville before and after the crime he is alleged to have committed and denied any knowledge of the affair.

RESULT OF STRIKE VOTE CONCEALED

Engineers Chief Refused to Talk on Reported Vote Favoring Strike

CLEVELAND, Dec. 2.—President Stone of the Brotherhood of Locomotive Engineers today refused to comment on the report that the majority of Western engineers in a straw vote recently taken, favored a strike. He declared he was unable to make a statement until the ballots were counted officially in Chicago on December 10.

Reports are said to have been received in Chicago from Mediord, Ore., San Bernardino, Cal., and three other railroad centers whose names are not announced.

DEMOCRATIC NEW JERSEY TOWN WOULD CHANGE ITS NAME

ROOSEVELT, N. J., Dec. 2.—Citizens of this town are campaigning for a change of name following the rolling up of a Democratic majority here last election. At a mass meeting it was decided that a Democratic community should not bear a Rooseveltian name. The town may petition the next legislature for a change.

COTTAGES TO SUPPLANT TENT CITY AT AVALON

LOS ANGELES, Dec. 2.—Plans have been completed for the building of fifty small cottages at Avalon. Construction work will commence within 30 days. These cottages will occupy the area formerly used for tents, and will be surrounded by trees.

The cottages will run from Clarissa to Catalina streets, and several private roads will be graded so that each cottage will have a street front. Each will have from three to five rooms. Selling of lots on the rising terraces will be vigorously pushed through the following months. Frank Burnham, of Pasadena, will commence work shortly on a beautiful cottage.

NEWSPAPER MAN TO BE ASSISTANT U. S. TREASURER, MARCH 1

WASHINGTON, D. C., Dec. 2.—Robt. O. Bailey, former newspaper man, at present secretary to Secretary of the Treasury McVeagh, will become Assistant Secretary of the Treasury March 1.

Bailey, as a newspaper correspondent, accompanied Taft to Panama before Taft was President, and afterwards was recommended by Taft to his present position. Fred W. Lehman of St. Louis, it was announced, would succeed Bailey.

REDLANDS PACKS FRUIT FOR HOLIDAY MARKET

REDLANDS, Dec. 2.—Practically all of the packing houses in the Redlands district started operations Thursday and several cars of fruit were started east for the Christmas markets. It is expected that about 200 cars of Redlands fruit will be shipped for the Christmas markets this year.

SUPERVISORS MAY DRAW LOTS ON TERMS

Will Law Providing for Division Into 2-year and 4-year Service be Ignored

IMPORTANT MATTER WILL BE CONSIDERED

Possibility of Bringing Action to Compel Drawing Should There be None

Will the members of the Board of Supervisors draw lots, and by so doing determine that two of their number shall serve for two years only, the other three to serve four years? That question is one of the five men. H. E. Smith, T. B. Talbert, D. S. Lineberger, Fred W. Struck and Jasper Leck, elected on Nov. 8 of this year, must decide.

Orange county and one or two others in the state have been electing a full board every four years. All other counties have been electing two members at one election and three members at the election two years later. In that manner the full board never comes up for consideration at one time.

The latter method seems to be the one favored by the legislatures of the past. Some years ago a law was passed calling upon the supervisors-elect in counties where all five were voted upon to draw lots, and thus get into the alternating system. Orange county's supervisors ignored the law. The last legislature passed another such law, and the question comes up: "Will it also prove futile?"

Another question in connection with this matter is: "If the five men elected to take office in January neglect drawing lots, cannot action be brought to compel them to do so?" There has been some talk of forcing the matter to an issue.

DECISION OF COURT UPHELD

Appellate Court Affirms Judgment of Lower Court in Dairy Case

Word was received here today that the Appellate Court had rendered a decision upholding Judge West in the case of Samuel Bohn against John Bohn. Judgment was given the plaintiff for about \$1900, after the defendant had attempted to get a change of venue. Williams & Rutan appeared for the plaintiff, and W. B. Hyatt of Los Angeles for the defendant. Hyatt took the appeal, and lost. The litigants are cousins, and the suit was for the value of two dairy herds.

BOAT AGROUND ON SAN JUAN ISLAND AFTER HEAVY GALE

VICTORIA, B. C., Dec. 2.—The steamer Northwestern grounded on San Juan island off the Washington coast this morning. The passengers and the mail were transferred to the steamer "Tees," which is due at Victoria at noon today.

A heavy gale has been blowing for the last thirty-six hours.

SWEDISH ARTIST SAYS MRS. TAFT IS AMERICAN TYPE

NEW YORK, Dec. 1.—A portrait of Mrs. William H. Taft lately completed by Bror Kronstrand, the Swedish artist, is said to be a beautiful work of art and a splendid likeness. Kronstrand said: "I first met Mrs. Taft at a tea. I liked her face. It was an American type to me. The more I studied her at Beverly the more remarkable a personality I found her. Mr. Taft is a fine, simple man, too."

"GO TO JAIL" IS DEBS ADVICE TO WARREN

"Appeal to Reason" Editor Faces 6 Months in Jail and Heavy Fine

GIRARD, Kas., Dec. 2.—"Pass up the Supreme court; go to jail," was the word received today by Fred D. Warren, editor of the Appeal to Reason, from Eugene V. Debs. Warren was recently sentenced to a heavy fine and six months in jail for alleged circulation of "inflammatory matter in the mails," through the agency of the "Appeal," which is a Socialist paper.

Debs announced his willingness to edit the Appeal during Warren's confinement.

DISTRICT CONVENTION OF WOMEN'S CLUBS ENDS

SAN BERNARDINO, Dec. 2.—Mrs. Eva Westland of Upland today was elected president of the Southern California district of Women's Clubs. The convention has been in session here for three days. Reports of standing convention committees, debates and addresses by department leaders concluded the convention. The majority of delegates left for their homes this afternoon.

AMERICAN COLONY MAY BE IN DANGER

Attack Menaces Madera—Rebels Promise to Invade Lower California

EL PASO, Dec. 2.—The report received here today that the revolutionists had been ordered to attack Americans in Madera, Mexico, is causing much uneasiness. C. Malory Turner, an American lineman employed by the Mexican Telegraph Company, intercepted the message which he says ordered the attack. The colony had been promised freedom from molestation by both factions.

The belief is growing that the rebels are planning an attack on the city of Chihuahua. Mexican and American merchants there are sending large sums in coin to American banks in El Paso for safety.

Consul Ellsworth Resigns

EAGLE PASS, Texas, Dec. 3.—Luther T. Ellsworth, United States Consul at Ciudad Porfirio Diaz, sent in his resignation to the State Department at Washington yesterday, to become effective as soon as possible.

MISS HASKELL IS TO EARN HER LIVING

CINCINNATI, O., Dec. 2.—Miss Jane Haskell, daughter of Governor Charles N. Haskell of Oklahoma, says she will go forth in the world and earn her own living after today. She is to be graduated then from the Cincinnati School of Expression. "I don't like the idea of girls remaining a burden to their parents after they are able to make their own living," said Miss Haskell. "Therefore I am going out to teach, or else will go on the Lyceum platform. And I'll earn every penny I spend, too."

ARIZONA TO EMPLOY NO FOREIGN LABOR

PHOENIX, Dec. 2.—A proposition prohibiting the employment of foreign labor, except those who had announced their intention of becoming citizens, on public work, passed the constitutional convention by a large majority. An anti-blacklist measure was adopted with only three dissenting votes.

WEATHER FORECAST

Fair tonight and Saturday. Light west wind.

700 PEASANTS FALL IN RELIGIOUS WAR WAGED IN TURKEY

CONSTANTINOPLE, Dec. 2.—Seven hundred Druses were slain in a battle with Irish troops near Damascus today. The main body of Druses, ten thousand strong, is still defying the Turks. Another battle is expected.

The outbreak is the result of religious troubles. The Druse peasants have been gathering for several weeks and have entrenched themselves in the mountains.

CALIFORNIA'S POPULATION STATED AS 2,377,549

Leads All States So Far in Per Cent of Gain for the Last Decade

ORANGE COUNTY HAS 34,436 INHABITANTS

Under Present Apportionment State Will Gain Four New Congressmen

WASHINGTON, Dec. 2.—The population of California is 2,377,549, according to a bulletin issued by the Census Bureau today. California's gain in the last decade is 892,496, or 60.098 per cent.

The population of the following California counties was announced: Los Angeles 504,131, San Francisco 416,912, Alameda 246,131, Fresno 75,657, Sacramento 67,806, San Diego 61,665, Imperial 13,591, Kern 37,715, Orange 34,436, Riverside 34,696, San Bernardino 56,706, San Luis Obispo 19,382, Santa Barbara 27,738, Ventura 18,387.

California's increase is greater than that of any state yet announced. Under the present method of apportionment, the state would have four additional congressmen. The census bureau authorities have not stated when the additional congressmen will be secured, nor have the census bureau authorities stated when the census of California cities under 25,000 will be announced. It is believed these will not be announced until all the county totals have been given.

EDWARDS IS A CANDIDATE

No Doubt But What Postmaster at Orange Is Seeking the Assessorship

There is now no question but what N. T. Edwards of Orange is a candidate for the long-term appointment as county assessor. Quiet work in his behalf has been done, and that he has strong backing no one will deny. If Edwards is successful, there will be a vacancy in the postoffice at Orange to be filled.

The appointment for the short term, which ends the first of January, will be made either Monday or Tuesday. That it has not been filled is due to the fact that Supervisor G. W. Angle is away on a hunting trip in the north. The first word from him was received at noon today by County Clerk Williams, in a telegram which says: "Wire received. Will be home tomorrow night." The regular meeting of the board is on Tuesday. A special meeting may be arranged for Monday.

JUDGE POLLOCK OF KANSAS TALKED OF FOR SUPREME BENCH

WASHINGTON, Dec. 2.—It is reported here that President Taft intends to appoint Judge John Pollock of Kansas to the supreme bench. Ex-President Roosevelt appointed Judge Pollock to the Federal bench of Kansas in 1903. The executive refused to discuss the rumor.

FAST CUT IN ESTIMATES OF 1911 U. S. EXPENDITURES

WASHINGTON, Dec. 2.—A cut of \$14,000,000 in the estimates for running expenditures of the Government during the next fiscal year was reported to President Taft yesterday as a result of the ultimatum to the various heads of departments at the cabinet conference yesterday.

LOVELY GREEK IS TO BE DEPORTED

Immigration Officials Harden Hearts Against Her Tearful Protest

NEW YORK, Dec. 2.—Ignoring her plea when she said probably she would be killed if deported, the immigration officials today decided that Marie Bopila, the beautiful Greek who claims she escaped from a seraglio in Damascus, must return. The women has tearfully protested that her return means death, but the authorities maintained their attitude that her entry is in violation of the immigration laws of the United States.

BUSINESS MEN TO BUILD ONTARIO TOURIST HOTEL

ONTARIO, Dec. 2.—Backed by the Chamber of Commerce, a number of local men are planning to erect a magnificent new tourist hotel. It is proposed to sell stock to the business men, and committees to call on them were appointed.

The plans call for a main building containing dining rooms, lobby and offices, with a few guest rooms and a number of bungalows surrounding the main building. A tract on Euclid avenue, close in, has been purchased and work will commence soon.

ENGLISH ELECTION STARTS WITH RUSH

Unionists and Radicals Win Today—Orangemen Are Predicting Bloodshed

LONDON, Dec. 2.—Eleven Unionists and four Radicals were re-elected today. Among those were Joseph Chamberlain at Birmingham; Arthur Balfour at London; Jos. Hammond Banner at Liverpool; Thos. Burt and A. Haworth at Manchester.

Orangemen Predict Bloodshed
BELFAST, Dec. 2.—Orangemen of Ulster this afternoon predicted that bloodshed will follow the granting of home rule for Ireland. Prominent Orangemen have publicly invited bids for the sale and delivery of arms and ammunition.

JAPANESE SAILORS ENTERTAINED TODAY

LOS ANGELES, Dec. 2.—California entertained the Japanese sailors of the Japanese training ships now at San Pedro at Ascot Park today. One hundred marines, accompanied by officers, witnessed a program of dancing, heard the music and saw the sports that had been arranged by the Japanese-American committees. Luncheon was served at noon.

FORTY-THREE ACRE RANCH PURCHASED FOR \$50,000

SAN BERNARDINO, Dec. 2.—Two big deals in the famous Rialto orange district were consummated yesterday. A. A. Cox, who recently purchased forty-three acres lying along the top of the Rialto Terrace, sold to the Rialto Orange Company for \$50,000.

Marion Nett sold a ten-acre grove in the Rialto section to J. W. Veach and O. W. Fox for \$11,500.

STAR PLAYERS JOIN IN TENNIS TOURNAMENT

PASADENA, Dec. 2.—The annual Maryland tennis tournament began yesterday with a majority of Pacific Coast stars attending. Misses May and Florence Sutton, Mrs. Bruce, Maurice McLoughlin, Tom Bundy, Sinsabaugh, Mace, and a score of other crack players appeared.

FRANCE JOINS ENGLAND IN PROTEST OVER AWARD

PARIS, Dec. 2.—The Aero Club of France decided at a meeting yesterday to support the protest of the Royal Aero Club of Great Britain against the award of the \$10,000 prize to John B. Moissant in the Statue of Liberty contest, which has been filed with the International Aeronautical Federation.

The protest was requested by Claude Grahame-White, Moissant's defeated rival.

REDLANDS MAY VOTE BONDS FOR NEW PARK

REDLANDS, Dec. 2.—The decision of the city trustees to call a bond election for a park adjoining the University of Redlands campus has brought a project for a site east of the university campus, twenty-seven acres of orange land being offered for \$50,000. This includes a residence, the home of George A. Cook, who died recently at Ocean Park.

INSURGENTS TO FOLLOW UP THEIR LEAD

Norris of Nebraska Declares That Warfare Will Follow Opening of Congress

WILL STAND FOR REVISION OF COMMITTEE AWARDS

Taft's Message Prepared But Has Been Recalled for Added Data by President

WASHINGTON, Dec. 2.—That the fight on the methods of committee appointment in the House of Representatives, that was started last session, will be continued in the coming session, was the prediction today of Representative Norris of Nebraska, who precipitated the House rules fight in which Speaker Cannon tasted his first defeat.

Norris arrived here today. He believes the coming session will be the most important from an insurgency standpoint, in history. He declared that the fight over committees would begin immediately after Congress opens, and that the insurgents are prepared to follow the lead gained in the last session. He refused to discuss the probable candidates for the speakership.

THREATEN TO INVADE LOWER CALIFORNIA

SAN DIEGO, Dec. 2.—Andres Tizado, an armed Mexican, when arrested today, declared to the police that a Mexican revolutionary organization was being perfected in San Diego to move upon Lower California. The opening attack, he said, would be made from Tia Juana, from where the rebels would march to Ensenada. Chief Wilson held the man under suspicion, pending investigation of his story.

TAFT'S MESSAGE HAS O. K. OF HIS CABINET

WASHINGTON, Dec. 2.—At a five hours' session of the Cabinet yesterday, the President's message was read and O. K'd, and at midnight last night it was distributed to the press associations for circulation. The message will probably be read to Congress on Tuesday next.

The understanding is that there is little more than a perfunctory reference to the tariff in the message. The work that the tariff board has undertaken is referred to and the President expresses the hope that as a result of the board's investigations accurate information on which to base a scientific revision of the tariff when needed will be secured.

Taft's message will be followed within a few days by a special message which will accompany the report of the Board of Army Engineers. This message, it is understood, will point out the projects the president believes particularly worthy of support.

It is also expected to contain reference to the reclamation service over which there was so much controversy during the Ballinger-Pinchot affair. Whether or not this service will be recommended, is causing speculation.

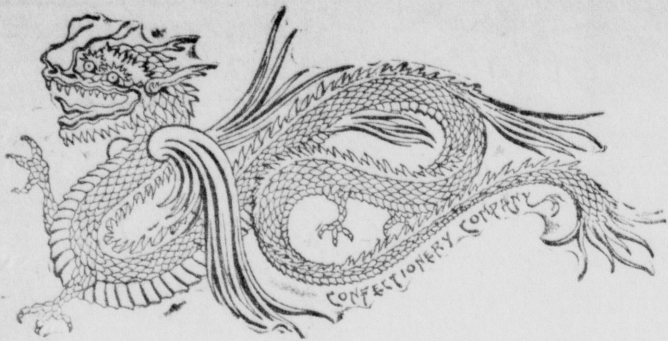

TAFT RECALLS MESSAGE FOR ADDITIONAL DATA

WASHINGTON, Dec. 2.—President Taft this afternoon recalled his annual message to Congress, having decided to change it in form. A dozen pages are now being rewritten into an additional statement which will be appended to the original document.

EDISON HAS INVENTED A FLYING MACHINE

WEST ORANGE, N. J., Dec. 2.—Thomas A. Edison has invented a heavier-than-air flying machine, but begs that the reporters will not mention the subject, as he fears he will be swamped with letters from aviation cranks.

Briefly described, the invention consists of a basket hung on a vertical shaft, on the upper end of which revolve box kites or other forms of aeroplanes, at sufficient speed to lift the whole affair. Its chief merit is that the center of gravity, being low, keeps the machine in automatic balance.

PIONEER FLYERS RETIRING FROM PERILOUS TRADE

NEW YORK, Dec. 2.—It became known today that Hubert Latham, the pioneer French aviator, who left America November 19, made his last public appearance as a professional flyer at the meet in Baltimore. Just before he sailed on the America he confided to friends in this country that he would make no more flights in the Antoinette monoplane, which he has made famous. He said that he was actuated in his decision by the action of his friend, Count Jacques De Lesseps. De Lesseps announced he would fly no more when his engagement to Miss Grace MacKenzie of Montreal was published. Miss MacKenzie made the abandonment of his aeroplane a condition of their engagement.

With the retirement of Latham and De Lesseps all the brilliant aviators of international reputation who burst into prominence several months ago when the sport was first established have disappeared from the scene. Bleriot does not fly in public at all any more. Paulhan has retired. Sommer devotes his time to building aeroplanes, the Wrights both decline to make public flights and Curtiss has retired. Delagrange, Rolls and the others who were in the pioneer band have been killed. The men who are now conspicuous in the world's aeroplane activity are all flyers who have not been active more than nine months.

complaint against Lapier. Lapier entered the drug store, got into a dispute with Oswald, and bad language was used. Lapier struck at Oswald with his crutch, ripping his coat open, and the charge of Lapier that Oswald struck him was not substantiated. The case was dismissed after hearing the evidence.

The school trustees have not come to any definite decision regarding the rebuilding of the high school, burned on Nov. 18, and will make a thorough investigation of other high school buildings before doing so. It is hoped and believed that a more substantial building than the old one will be built and with an eye to future needs.

S.P. PLANS TWO FAST TRAINS TO CHICAGO

Will Go Over Rock Island and Are Routed Via El Paso

LOS ANGELES, Dec. 1.—The Southern Pacific is making an innovation in passenger traffic to meet a popular demand by putting on two fast trains that will be a combination of standard Pullmans and tourist cars. They are routed to Chicago over the Rock Island and will go via El Paso. In the list of limited trains they are to be known as No. 1 and No. 2. No. 1 will leave here today on a 72-hour schedule to Chicago, which cuts six hours off the trip.

These trains are made up of a dining car and Pullman sleepers, with two tourist sleepers. One of them switches off at St. Louis and the other runs through to Chicago.

These trains are to be known as the "Californian," and bookings to date prove that they have hit the popular notion.

The Golden State Limited, over the same route, has been refitted to meet the more exacting demands of the traveling public. All of the latest Pullman luxuries have been added, including lights in both the upper and lower berths.

The running time also has been cut to seventy hours to Chicago on the Eastern trip and sixty-eight hours coming West. This train carries United States mail coming West.

WOULD RESTORE SON TO LEGAL COMPETENCY

A petition has been filed asking the superior court to restore Carl J. Christensen to competency. Christensen was sent to an asylum from Alaska, and was later discharged. His father, Soren Christensen of Anaheim, was given letters of guardianship upon Carl J., who is now fully competent to care for his own estate. S. M. Davis is attorney for the petitioner, father Soren Christensen.

A POPULAR VERDICT

Based on Evidence of Santa Ana People

Grateful thousands tell it—How weak backs were made strong—

Weak kidneys made well—Urinary disorders corrected.

Santa Ana people add their testimony.

They gladly praise Doan's Kidney Pills.

For quick relief and lasting cures. Santa Ana evidence is now complete.

Santa Ana testimony is confirmed. Reports of early relief substantiated.

Cures doubly proved by test of time.

Let a Santa Ana citizen speak.

H. C. Shaw, 917 East Pine street, Santa Ana, Calif., says: "In the spring of 1902 I gave a public statement, telling of my experience with Doan's Kidney Pills. This remedy brought me great relief from kidney complaint, from which I had been a severe sufferer, and I was so pleased that I did not hesitate to testify in its favor. In 1907 I confirmed my original statement and now, two and a half years later, I can say that I still hold a high opinion of Doan's Kidney Pills. I have used them on several occasions since first learning of their value, and I have found that they can be depended upon to bring relief. I have profited so greatly by the use of this medicine that it is always a pleasure for me to speak in its praise."

FIRST SEASON LONG SEASON

Beach Sugar Factory Has Enough Acreage to Keep Plant Busy

Huntington Beach News: The acreage already signed for next season by the Holly Sugar Company assures its factory being run for a long season and to the full limit of its thousand ton capacity. The company has this week incorporated in California under the state laws and owing to the present condition of the machinery market will be enabled to secure its machinery much quicker than was expected. The officers declare that the factory will be complete in ample time for the season's business.

The main factory building's dimensions have been fixed at 450 by 65 feet and the sugar warehouse will be 300 by 50 feet. The latter will be of brick and the former probably of concrete.

Work on the sugar warehouse will be begun next week by Contractor Carl Leonardt of Los Angeles.

The arrival is expected next Sunday of Irving Sinsheimer, assistant to the general superintendent and construction engineer of the Holly Sugar company. He will be temporarily in charge of all construction work at the factory site and will receive all material upon its arrival.

S. W. Sinsheimer, the general superintendent, will reach this city about December 20th and has already engaged quarters for himself and family at the Huntington Inn.

Pipes to supply water for the factory are being laid this week by the Huntington Beach company from its wells and the work will be completed in a few days.

CONSERVATION RESULTS IN SWITZERLAND

Dr. John R. Haynes delivered an address before the City Club of Los Angeles last Saturday which was so full of information on questions of vital importance that it should be studied by every voter in the country. The speaker recently spent several months in the investigation of European conditions and the lessons of his speech were largely drawn from those observations. That portion relating to conservation in Switzerland is so pertinent to our discussions of the importance of preserving the greatest possible portion of our natural resources for the public use that we reproduce it entire:

"Switzerland's policy is well defined with relation to the conservation of her water power. She has in sight 4,000,000 horse-power, with much more capable of development. The nation produces the power and retails it to her citizens at as small a cost as will allow her to pay current expenses, depreciation and provide a sinking fund for the payment of bonds.

"She furnishes power, light and heat to farmers as well as to residents of cities. The farmer thus, at a nominal cost, can do his churning, pumping, threshing and much other work and receive at first hand the benefits of the natural forces around him. His little home is well lighted and heated during the long, cold winter. No Rockefeller, Guggenheims, et al., will ever reap great fortunes from the forces that should rightly belong to the people. The people of Switzerland get the cream as well as the skimmed milk."

The compactness of that country and its population and the superabundance of its water power make the illustration an extreme one, but it still has its application here. Not only the water powers, but all the natural resources of the public domain could be made of general advantage by keeping them from private ownership, and the tendency of the nation in that direction is one of the most encouraging signs of the present times.

RAILROAD POSTAL RATES

Ever since Frank H. Hitchcock was advanced to the position of Postmaster General it has been the fashion in certain quarters to deride him as a typical "political office-holder." He has utterly ignored all these attacks, however, and has busied himself in giving the country the best and most economical administration of his department possible under the circumstances. To the surprise of his critics he has made good by cutting the postal deficit in half, or practically so, and is now working night and day to see if the remainder of that deficit cannot be cleared away by a reasonable adjustment of the rates paid the railroads for carrying the mails. For years specialists who have studied the question have claimed that the railroads were being paid from five to ten times what they should be for this service, but Congress has been deaf to their statements. If Mr. Hitchcock succeeds in the readjustment of these rates on a genuine business basis it will be a public benefit which should cause the people to hope for the succession of more "political office-holders" of the same stamp.

Up to the first of last week, according to the best reports obtainable, 1300 bales of cotton had been ginned in the Imperial Valley. This was but the commencement of the harvest and enough is left to keep five gins busy for the next sixty days. As the value of the first lot is said to have been over \$84,000, the entire crop should add very materially to the bank accounts of the Imperial growers.

The Industrial Workers of the World have returned to Fresno for another series of meetings. The people of that city have not forgotten their former troubles with this outfit, and as both are anxious for a scrap, something is liable to be doing in that section before many moons.

The tide of improvement has reached Santa Paula, where the good work is to be commenced with the installation of a sewer system costing \$45,000.

KAISER EXTENDS CRUSADE

BERLIN, Dec. 2.—The Kaiser, following his recent lecture to students and cadets on the evils of alcohol, has issued an order to the officers of the navy to further his efforts in setting an example of temperance. They should do their utmost, he says, to show the men the injury of intemperance.

It is understood he will shortly issue a similar order to the officers of the army.

Carnegie's Inspiration

The old handloom weavers of Dunfermline, to the number of over 200, had their annual drive recently, the expense of which was generously defrayed by wealthy sons of former weavers. A letter from Mr. Andrew Carnegie was read, dated from Skibo Castle, in which he said: "I regret I cannot leave Skibo, but wish to send my greetings to the auld weavers, of whom I have the right to claim being one by descent. After retiring from business, and while considering deeply what my next move would be, I noticed in the Scientific American these words: 'The gods send thread for a web begun,' and thereupon I resolved to begin a web. I took the first step in the distribution of wealth, and I assure you that I have found the truth of the proverb. The gods do send thread for a web begun."

Not a Glass Child

They were having a glass of beer on the pavilion when all at once on the walk below their was the sound of crashing glass. They looked and saw that a child of about eight months had fallen prone upon the pavement face down. His mother ran to pick him up.

"He's a glass child," lamented the woman who was drinking the beer, "and he broke himself when he fell."

"No," said the man, and looking again, she found that he was right. It was not the child that was broken, but a large bottle of milk which he had held clasped to his bosom when he fell face down.

COFFEE SOARS TO HIGHEST PRICE OF THE PAST 16 YEARS

SAN FRANCISCO, Dec. 2.—Coffee is now selling at the highest price in sixteen years. In five months prices have advanced 5 cents on the New York coffee exchange. This, local importers say, is an advance of more than 50 per cent.

For the first time in twenty years San Francisco importers hold not a single bag.

The export season for Brazilian coffee began July 1 and the total receipts since that date for this crop have been 7,872,000 bags, against 11,677,000 the same period last year.

As Brazil produces four-fifths of the world's supply these receipts indicate this year's crop will be far below the demand.

According to importers, the total stock of coffee in importers' hands in the United States is less than is needed for thirty days' consumption.

LOS ANGELES LEADS IN BIRTHS AND MARRIAGES

LOS ANGELES, Dec. 2.—Prosperity of the kind that helps Los Angeles break all census records on the Coast is contained in the bulletin of the State Board of Health containing vital statistics for October.

Los Angeles county as well as being the banner county of California in population, led all the counties in marriages and births for October. Of marriages the monthly totals were highest for the following counties: Los Angeles, 538; San Francisco, 403; Alameda, 241; Santa Clara, 96; Orange, 84; Sacramento, 83; Marin, 79; San Diego, 73; Fresno, 70; San Joaquin, 57, and San Bernardino, 51.

The birth totals were highest for the following counties: Los Angeles 667, San Francisco 577, Alameda 348, Fresno 146, Sacramento 96, Santa Clara 93, San Diego 57, and Tulare 53.

GROVE JOHNSON DENIES REPORTED RESIGNATION

SACRAMENTO, Dec. 2.—The report that Grove E. Johnson, father of Hiram Johnson, governor-elect, will resign from the assembly from the seventh district was denied today by the legislator himself. Johnson is planning to start to Washington to attend congress. He appeared peevish regarding the report.

McLEAN SAID TO BE AFTER DICK'S PLACE IN SENATE

WASHINGTON, Dec. 2.—It was authentically stated this afternoon that John R. McLean, owner of the Washington Post and the Cincinnati Enquirer had announced his candidacy for the United States senate to succeed Dick of Ohio.

McLean has kept his legal residence in Ohio, although he has spent almost his entire time for the last nine years in Washington. He refused to deny that he would become a candidate.

CONGRESSMAN PLEADS FOR MERCHANT MARINE

BOSTON, Dec. 2.—A plea for the upbuilding of the American merchant marine was made by Congressman W. M. Green of Fall River, in an address before the alumni of the Massachusetts Nautical Training School last week.

"Our great country," said the congressman, "has but eleven vessels engaged in its foreign ocean-going trade. With half our population England has more than 11,000 vessels, Germany has 2000 and Japan nearly 1000.

"We now carry less than 8 per cent of our commerce. We are paying foreign ships \$300,000,000 annually for handling our foreign business."

He favored the passage by Congress of the Humphrey ship subsidy bill and the Gallinger ocean mail bill.

Preferred Stock

Preferred stock is stock that is preferred, that is to say has a prior claim, as to dividends and assets; it must receive a dividend before a dividend can be paid on the common stock, and in a distribution of assets it participates ahead of the common stock. Cumulative preferred stock is stock the dividends on which, if not paid regularly or in full, accumulate and must be paid in the future before a dividend can be paid on the common stock. Preference stock is sometimes divided into classes, as first preference, second preference, etc., with rights to dividends, or assets in the event of a distribution of assets, in the order named.

Undying Fame

"Far be it from me to boast braggingly ob mah fambly tree," said the colored man who was whitewashing our chicken coop, "but one ob mah relatives was—"

"General Washington's personal body-servant, sah!" we interrupted, meanly, but gleefully.

"He was no sich thing, sah," warmly retorted the colored man; "he was one of Misteh Jack Johnson's most esteemed sparrin' pardnehs befo' de fight!"

Primary-Junior Union
The Primary-Junior Union had a successful meeting at the First Presbyterian church Thursday afternoon. Mrs. Wilson gave the Junior lesson and Mrs. Winans the Primary.

Elliott-Baker
Miss Evelyn Baker, long distance operator for four years past for the Home Telephone Co., was married yesterday to Jesse L. Elliott, candy maker at Potter's Confectionery establishment, the wedding taking place in Los Angeles. Mr. and Mrs. Long of Santa Ana accompanied the young couple, who will return here on Saturday next and make their home at 523 East Pine, where they will receive the congratulations of their friends.

Woman's Socialist Union
The Woman's Socialist Union of Santa Ana, though only one month old, was vigorous and active yesterday when it elected its officers at the home of Mrs. E. W. Hardy.

Mrs. Kate Bradford was the Union's choice for president, Mrs. Ida H. Dawkins for recording secretary, Mrs. Hubert, corresponding secretary and Mrs. M. E. Harper, treasurer.
Mrs. Hardy and Miss Olive L. Edgerton were appointed to make out the program for the meeting to be held at the home of Mrs. Kate Bradford, 624 French street on Jan. 5, 1911.

Parent-Teachers' Meeting
The Parent-Teachers' meeting held yesterday at 3:15 o'clock at the Lincoln school in the kindergarten room, was largely attended and proved to be unusually enthusiastic. The committee in charge was composed of Mrs. Dr. Hervey, Mrs. W. H. Thomas and Miss Linda Paul.

The mothers of the pupils in the first, second, third and fourth grades, and of the kindergarten pupils, were the parents who united with the teachers in the successful meeting. One of the topics discussed was "How much of the teaching of morals and manners should be expected of the teacher," and was introduced in a talk by Mrs. E. E. Keech. The consensus of opinion was that the teacher should be expected to supplement the work of the parent, and that in some cases the school influence is stronger than the parental.

Mrs. A. R. Hervey led the discussion of the question, "Should the smaller children be separated from the older ones at recess?" It was deemed advisable that they should be separated as much as possible.

Prof. Roberts suggesting that the presence of the teachers on the playgrounds should be a common practice, as they could prevent in a large measure, the unconscious, possibly, domineering of the little ones by the older ones that often occurs.

Miss Paul in talking of the subject of "How can we best help the Spanish pupils in our midst?" said that the Spanish children should be taught by themselves for the first two or three years, until they had learned the English language. Other ideas on this important problem were brought out.

The talks on "Some mothers' mistaken ideas of modesty" proved to be most illuminating, and awakened some of the mothers to the immense value of the Parent-Teachers' meetings. Several of the teachers told of the problems with which they have to deal, and the entire discussion proved to be of benefit.

The committee in charge of the next of these meetings consists of Mesdames Shepherd, D. G. Balcom and Miss Stewart.

Travelers to Meet
The Second Section of the Travelers Club of the Ebell Society will meet on Monday afternoon, Dec. 5, at the home of Mrs. J. W. Blee, 323 Pine street.

Will See Marvelous Dancing
Miss Rosa Boyd and Mrs. Percy Rice of Cleveland, Ohio, who is visiting here for the winter, went to Los Angeles this morning. Mrs. Rice will spend the night at the home of her brother, Maj. W. H. Peck, of Pasadena, and Miss Boyd will be the over night guest of Miss Jean Humphrey. Tomorrow the ladies will witness the marvelous dancing of the Russians, Pavlowa and Mordkin and their company.

W. R. C. Elects Officers
Sedgwick W.R.C. No. 17 held its annual election of officers yesterday afternoon. A large percentage of the members were in attendance, and the following officers were elected:

President, Mrs. Matilda McDowell; senior vice president, Mrs. Alice Kryhl; junior vice president, Mrs. Josie Glover; treasurer, Mrs. Hattie Harlan; chaplain, Mrs. Clara Wells; conductor, Mrs. Viola Phipps; guard, Mrs. Lila Scammon.

Sedgwick Corps is entitled to eight delegates to the annual department convention to be held in Fresno next June. The following delegates were elected: Mrs. Amy Rolfe, first; Mrs. Hattie Harlan, second; Mrs. Josie Glover, third; Mrs. Irene Moore, fourth; Mrs. Agnes Culver, fifth; Mrs. Sarah Wilcox, sixth; Mrs. Ida Mitchell, seventh; Mrs. Emma Smith, eighth.

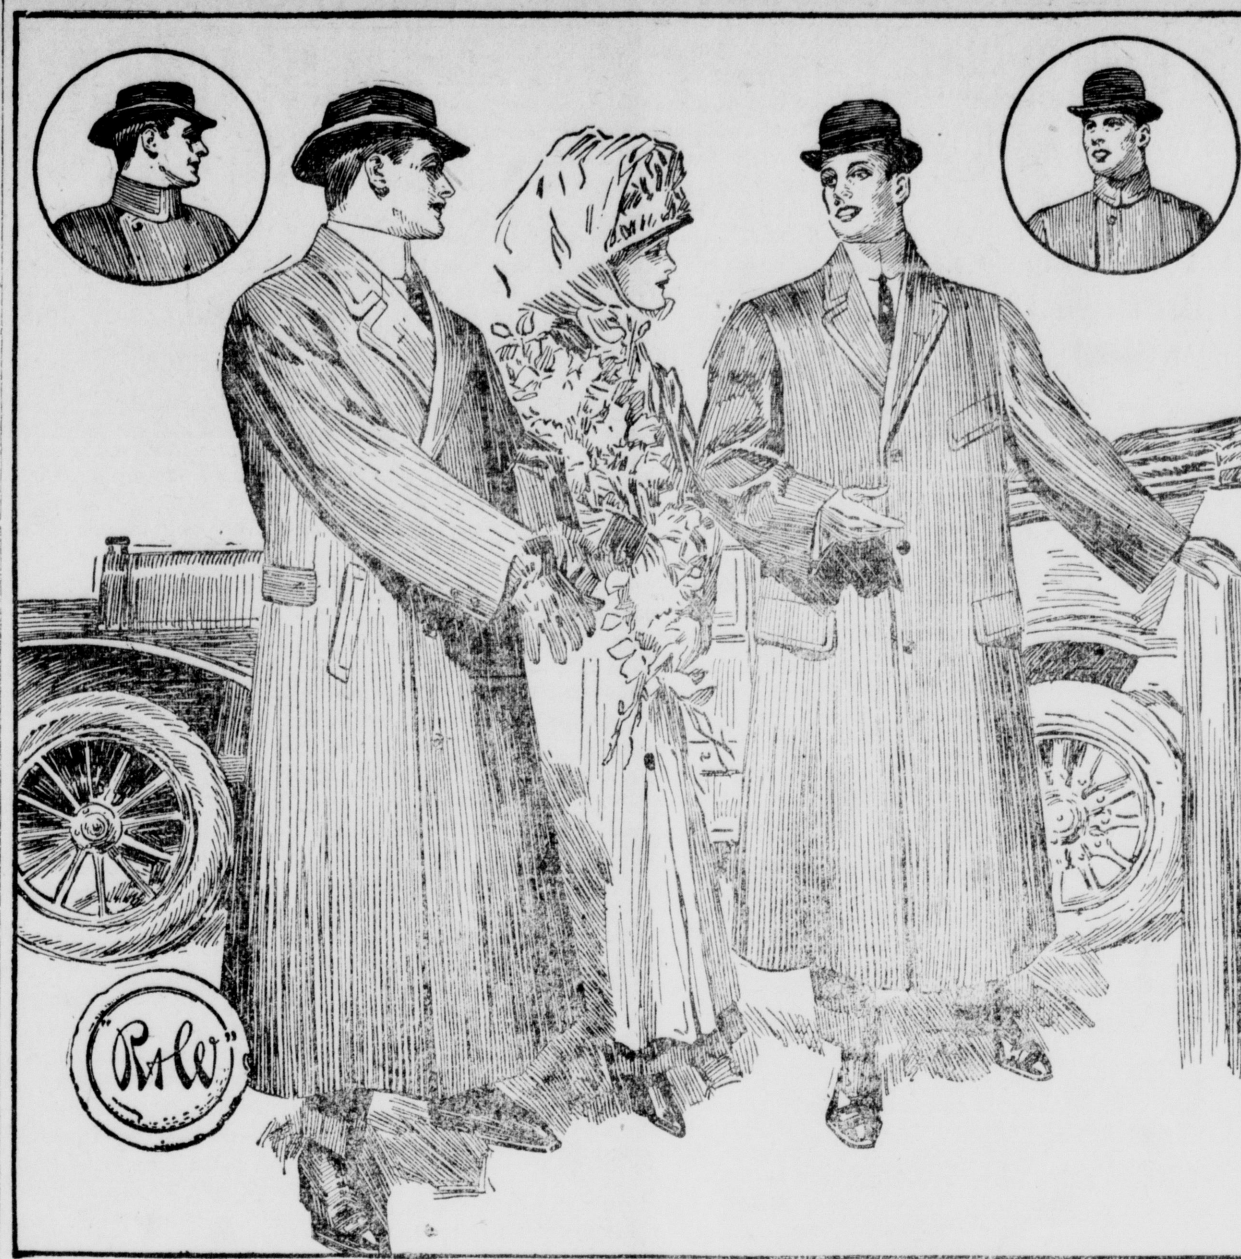

Four visitors were present, a fine relief report was turned in, and twenty dollars was sent to the W.R.C. Home at Evergreen, Cal.

Basketball Games
The basketball teams, both boys' and girls' teams, of Santa Ana High will play the Orange High School teams tomorrow afternoon on Orange courts at 2 o'clock. This will be the third league game.

The local teams were to have played with Fullerton last week, but were prevented by the burning of Fullerton High School. The game was forfeited to Santa Ana.

PERSONALS

Harry Blee, a former Santa Ana boy, who has been United States immigrant inspector at Sumas, Wash., for several years, has telegraphed his parents, Mr. and Mrs. W. C. Blee, that he has been transferred to Southern California, and will leave Sumas for Santa Ana within a few days. Mr. Blee is delighted at the prospect of once more making his home in this land of sunshine.

Mrs. P. R. Reynolds was an early passenger to Los Angeles this morning.

Miss Caroline Cutler of Escondido came down from Los Angeles this evening for a visit with friends here. She is spending some time in Los Angeles where her sister Eveline has been ill in one of the hospitals, with her mother attending her. Miss Eveline and Mrs. Cutler are now at the home of the L. E. Beheymers.

BORN

DUNIGAN—In Santa Ana, Dec. 1, 1910, at the residence, 612 D street, to Mr. and Mrs. Harold Dunigan, a daughter.

It has often appeared strange to me that more people do not educate their children in the art of violin playing. Everywhere one goes one hears the remark: "The violin is my favorite instrument," yet in the same household one finds no violin whatever. One instead finds a piano, an organ, perhaps a guitar and mandolin, and the children are studying one of these instruments. The cost of a good violin is by no means exorbitant. The violin ranks next to the human voice as an instrument for lyric musical expression. There is probably no instrument so appealing when beautifully played nor yet so positively exasperating when poorly played.

Therefore it will pay you to have none but the best violin instruction. As in all other musical departments, this is what the Conservatory has to offer you at positively the lowest rates.

TEN-ACRE ORANGE ORCHARD IS SOLD—\$20,000 IS PAID

Attorney R. Y. Williams and County Clerk W. B. Williams have sold their 10-acre Valencia orange grove at Orange to Briggs of Redlands for \$20,000. The Williams brothers bought the property, which lies three-fourths of a mile east of the plaza at Orange, seven years ago, and planted it to oranges. The orchard has a big, clean crop on it. The crop goes to the purchaser. The deal was made through Paine & Smith of Santa Ana.

GARDEN GROVE LOTS WERE SOLD FOR \$865

TO MAKE RAILWAY TIES OF CONCRETE

Los Angeles to be Headquarters for World's Supply of New Indestructible Ties

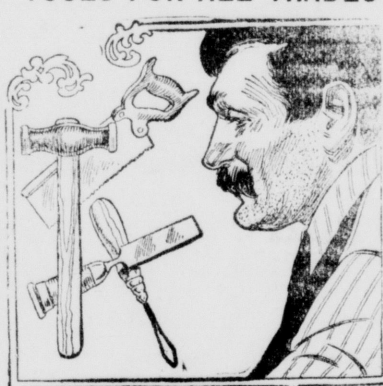

Los Angeles Examiner: Los Angeles is to be the headquarters for the concrete railroad tie industry of the world, through a deal completed Monday by which big railway interests on the Pacific Coast will take over the manufacture of these ties, establish a plant in Los Angeles for their manufacture and also to make machinery for subsidiary plants that are to be scattered all over the world.

The principal feature of the new combine consists of the patents of William Laudahn, a former section boss, who has figured out a lateral concrete railroad tie industry of the rails that gives more resiliency than wooden ties and will last indefinitely. Bids were asked yesterday both on a site for the plant and for machinery to turn out the ties. It is intended to begin operations in Los Angeles immediately and employ 300 men at the start.

The railroads paid \$60,321,000 last year and \$78,959,000 in 1907 for new ties and renewals. The railways in Europe use more than as many more than the American lines, so the business aimed at is more than \$200,000,000 a year.

The local plant will manufacture ties only for use on the coast. The intention is to establish plants at all railroad division points, for which Los Angeles is to supply the machinery.

To avoid the corporation tax law the concrete tie manufactory will be carried on by a co-partnership, a close corporation including general officers of the steam and electric railways centering in Los Angeles.

Frederick MacPherson of the Santa Fe and John Herd, the potato king of the Sacramento Valley, who now is a resident of Los Angeles, are leaders in the enterprise.

Oak ties are now being brought in from Japan for the Pacific Coast railways. They cost \$1.25 each on the wharf at Redondo. It is claimed the concrete tie can be made much cheaper, and practically never wears out.

The fact that railway officials have taken up the manufacture of concrete ties means that they will be put into immediate use and will revolutionize methods of building railways, as these ties tie lengthwise under the rails and not across.

Two Minute Cure For Cold in Head or Chest

It is Curing Thousands Daily, and Saves Time and Money

—Get a bowl three-quarters full of boiling water, and a towel.

Pour into the water a teaspoonful of HYOMEI (pronounced High-o-me).

Put your head over the bowl and cover both head and bowl with towel. Breathe the vapor that arises for two minutes, and presto! your head is as clear as a bell, and the tightness in the chest is gone.

Nothing like it to break up a heavy cold, cure sore throat or drive away a cough. It's a pleasant cure. You'll enjoy breathing Hyomei. You'll feel at once its soothing, healing and beneficial effects as it passes over the inflamed and irritated membrane. 50 cents a bottle, at druggists everywhere. Ask Rowley Drug Co. for extra bottle Hyomei Inhalant.

—When you want to rent a Vacuum Cleaner call up either phone 68 or leave word at Trickey's Grocery. C. R. Trickey.

BREAKS A COLD IN JUST A FEW HOURS

Says Quinine Isn't Effective in the Cure of Colds and Grippe

—Nothing else that you can take will break your cold or end grippe so promptly as a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

The most miserable neuralgia pains, headache, dullness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatism pains and other distress begin to leave after the very first dose.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end grippe misery as promptly and without any other assistance or bad after-effects as a 25 cent package of Pape's Cold Compound, which any druggist in the world can supply.

TO VALIDATE \$15,000 BONDS

Suit Begun by Directors of the
Newport Drainage District
Against All Interested

A suit was begun today by the Newport Drainage District recently organized for the purpose of draining 3000 acres in the Old Newport section, for the purpose of getting a judgment of court decreeing that the district's bond issue of \$15,000 is valid. The plaintiffs in the action are the district and its directors, F. M. Bradbury, R. P. Selvidge and H. L. Wakeham, and the defendants are "all persons interested in said bonds, and all persons interested in said district."

The bonds were carried by vote of the district on Oct. 4. They are to bear five per cent.

The superior court is asked to decree that all proceedings were "regular, sufficient, legal and correct," and that the bonds are valid. Williams & Rutan are attorneys for the plaintiffs.

RECORD CONSIGNMENT OF ORANGES TO AUSTRALIA

EXTER, Dec. 2.—What is the largest single consignment of oranges, shipped to one purchaser in the history of the Central California orange belt, and one which probably will establish a record for the entire state was made Tuesday when an entire trainload of fourteen cars left this station, enroute for Melbourne, Australia. These oranges are extra fancy stock, of fancy sizes and are being shipped to P. J. Duffy and Company from the Merryman Fruit Co. This corporation is now the owner of the famous Merryman orchard which was formerly the property of W. J. Merryman, which at his death passed to the stock company, which is a subsidiary corporation of the Merryman Land & Lumber Co., of Green Bay, Wisconsin.

This shipment is twice as large as the largest previous single consignment which ever left the Porterville-Exter district and it is believed that it establishes a record for the largest single purchase recorded in this entire state.

WALKS NIGHT AND DAY IN ENDURANCE RACE OF 1000 MILES

VENICE, Dec. 2.—Eugene Estoppey last evening completed the 280th mile of his 1000-mile endurance race. He still has thirty days in which to cover one mile each hour night and day, and he has confidence in his ability to

complete the task. Accepting his word for it, the runner feels but little fatigue by reason of the twelve days he has been on the job, which means ten days and nights of constant vigilance, with no nights or days devoted to sleep. Once each hour he may take a nap, but during no twenty-four hours has he as yet attempted to catch in excess of a dozen cat-naps.

He continues to eat three regular meals each day and two lunches during the night. Three cups of coffee per day is his limit on that beverage, with no alcoholic stimulants or tobacco at any time.

Orange Physician Convalescing
After Operation—Boy Has
Bad Fall

Orange Post: The many friends of Dr. D. F. Royer are rejoiced to know that he is again at his home, having been brought down from the Good Samaritan Hospital at Los Angeles, on Saturday afternoon. Though convalescing nicely, it will be some time yet before the doctor will be able to receive callers.

Charles Sheehan, the nine-year-old son of Mrs. Beatrice Sheehan of South Orange street, was severely injured on Saturday evening by a fall from a bicycle while playing with some children near his home. A bone

of one forearm was broken and both bones of the same arm were dislocated at the elbow. He also suffered severe bruises. He was attended by Dr. Ida Parker and Dr. Nichols and is making satisfactory progress toward recovery.

Miss Sadie Sutton, who for several years served efficiently as assistant in the S. A. V. I. Co.'s office, has resigned her position and is now cashier for Keller Watson's drug store and the telephone company. Mrs. Byron Newell has taken her place in the office of the irrigation company.

LITTLE GIRL IS SCALDED

Child Pulled Hot Water Off the
Stove Onto Herself—Man's
Collar Bone Broken

Orange News. Melba Chandler, the daughter of Mr. and Mrs. Henry Chandler, of North Pixley street, was painfully scalded Monday evening by overturning a kettle of boiling water upon herself. The water ran down into her shoe, which was unbuttoned, and her foot was fairly cooked. Dr. Ida Parker was called to dress the burns and she is now resting quite easy, although very weak from the shock.

Mrs. Wm. Robbins, of Olive, has been engaged to nurse the little sufferer, as Mrs. Chandler is quite seriously ill.

J. Wilkins, a rancher of East Collins avenue, near the railroad tracks, fell from his wagon at the Harper packing house at noon today and sustained a serious fracture of the collar bone, as well as other minor bruises. He was taken to the office of Dr. Nichols and the broken bone set. The operation required the combined efforts of both Dr. Parker and Dr. Nichols. He was then taken to his home on Collins avenue.

Mrs. Wilkins, the wife of the injured man, was brought home recently from the insane hospital at Highlands on account of weak health. She has now recuperated physically, but her mind is now in such a critical state that those in charge of the case are considering the advisability of returning her to the asylum.

Do You Think For Yourself?

Or do you open your mouth like a young bird and gulp down whatever food or medicine may be offered you?

An intelligent thinking woman, in need of relief from weakness, nervous pain and suffering, then it means much to you that there is one tried and true medicine of known composition sold by druggists for the cure of woman's ills.

The makers of Dr. Pierce's Favorite Prescription, for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible endorsement of the leading and standard authorities of the several schools of practice, are perfectly willing, and in fact, are only too glad to print, as they do, the formula, or list of ingredients, of which it is composed, in plain English, on every bottle-wrapper.

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts, for it contains no alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famous medicine is advised.

No other medicine for woman's ills has any such professional endorsement as Dr. Pierce's Favorite Prescription has received, in the unqualified recommendation of each of the several ingredients by scores of leading medical men of all the schools of practice. Is such an endorsement not worthy of your consideration?

A booklet of ingredients, with numerous authoritative professional endorsements by the leading medical authorities of this country, will be mailed free to any one sending name and address with request for same. Address Dr. R. V. Pierce, Buffalo, N. Y.

WHAT DR. COOK HAS TO SAY IN DEFENSE**Hampton's Magazine Will Publish Article in Which He Asks For People's Mercy**

NEW YORK, Dec. 2.—Dr. Frederick A. Cook, the Brooklyn explorer, in an article which will be published in Hampton's magazine, confesses that he does not know whether he reached the North Pole or not.

Dr. Cook, who has been in hiding for more than a year, has informed an editor of the magazine publishing his story that he will return to the United States with his wife and children, December 22, in order to pass Christmas here.

Dr. Cook and his wife are now in Europe and the children are in a convent in France. Dr. Cook, during most of his exile, has been in London. He says he has gone about among Americans there with the utmost freedom and at times has registered under his own name, and that only a few have guessed his identity.

Dr. Cook in his story deals with the psychology of his adventure and says: "Did I get to the North Pole? Perhaps I made a mistake in thinking that I did. Perhaps I did not make a mistake. After mature thought I confess that I do not know absolutely whether I reached the pole or not. This may come as an amazing statement, but I am willing to startle the world if by so doing I can get an opportunity to present my case."

"By my case I mean not my case as a geographical discoverer, but my case as a man. Much as the attainment of the North Pole once meant to me, the sympathy and confidence of my fellow men mean more."

"Fully, freely and frankly I shall tell you everything. Tell you everything—and leave the decision with you. If after reading my story you say 'Cook is sincere and honest; half crazed by the months of isolation and hunger, he believed he reached the pole; he is not a fakir,' then I shall be satisfied."

Dr. Cook tells the story of his life and pictures what he calls the overpowering ambition for exploration that beset him until it finally culminated in his effort to reach the pole.

Dr. Cook declares that at the time he convinced himself he had discovered the pole he was half mad. He passed two years in his quest, and during that time endured hunger and privation that, he says, would have unbalanced any mind.

The explorer states that it would be impossible for any man to demonstrate beyond question that he had been to the North Pole. He characterizes the region as a region of insanity, where one cannot believe the evidences gathered by one's own eyes.

He says he had always looked on the discovery of the pole as an achievement for his own personal satisfaction, for the satisfaction of a craving and desire that was greater than any other factor in his life. When he found how tremendous a sensation his statement that he had attained the pole created, he was overcome with bewilderment.

Dr. Cook then tells the story of the days in Copenhagen and later in New York, and of the crisis in his life that caused his flight from New York and his voluntary exile from

Sale Under Foreclosure of Mortgage In the Superior Court of the County of Orange, State of California.
Rosa Cooley and E. E. Cooley, plaintiffs, vs. C. E. Dresser and H. J. Caldwell, Jane Doe, Richard Roe and Mary Roe, defendants.

Under and by virtue of a decree of foreclosure and order of sale duly made and entered in the Superior Court of the County of Orange, State of California, on the 2nd day of September, A. D. 1910, and a Writ of Execution for the enforcement of Judgment requiring sale of property under foreclosure of mortgage issued out of the said Superior Court on the 25th day of October, A. D. 1910, in the above entitled action, in favor of Rosa Cooley and E. E. Cooley, plaintiffs, and against C. E. Dresser and H. J. Caldwell, Jane Doe, Richard Roe and Mary Roe, defendants, a copy of which said decree of foreclosure duly attested under the seal of the said Superior Court on the 23rd day of November, A. D. 1910, and to me delivered on the same day, together with the said writ annexed thereto, whereby I am commanded to sell at public auction for cash lawfully made of the United States, the following, and in said decree described real estate, to-wit: Lot sixteen (16) in Block "B" of Roger's addition to Laguna Beach, as per map thereof recorded in Book 31, page 51, Miscellaneous records of Los Angeles County, California; together with all and singular the tenements, hereditaments, and appurtenances thereunto belonging, or in anywise appertaining, and the rents, issues and profits thereof.

Public notice is given that Saturday, the 17th day of December, A. D. 1910, at 10 o'clock a.m. of said day, I will proceed to sell at the South door of the Courthouse in the City of Santa Ana, at public auction, to the highest bidder for cash, in lawful money of the United States, all the above described real estate, or so much thereof as will be sufficient to satisfy said decree, for principal, interest and all costs.

Given under my hand this 23rd day of November, A. D. 1910.

Notice
In the Superior Court of the County of Orange, State of California.
In the matter of the Application of the California Yearly Meeting of the Friends' Church, for an order to sell real estate.

To All Whom This May Concern:
Notice is hereby given that the undersigned, The California Yearly Meeting of the Friends' Church, will at the Court rooms in the Court house in the City of Santa Ana, Orange county, California, at 10 o'clock in the forenoon of Friday, December 9th, 1910, or as soon thereafter as counsel can be heard, make an application to the Superior Court of the County and State aforesaid, for an order granting leave to sell the following described real property, to-wit:

Lots twenty-one (21) and twenty-two (22) in block "A," Garner's subdivision to Santa Ana, as the same appears of record in the County of Orange, State of California. And for such other and further relief as to the Court may seem equitable and just.

Take due notice and govern yourselves accordingly.

POST FINDS IT CARRIED

Says Majority Vote, Not Two-Thirds, Needed to Put the Highway Act Across

Orange Post: Saturday evening's Blade and Register contained practically the same information about the vote on the State Highway Act, evidently furnished by Dr. G. H. Dobson, who had telegraphed the secretary of state for the information. The following paragraph contains the gist of the information received:

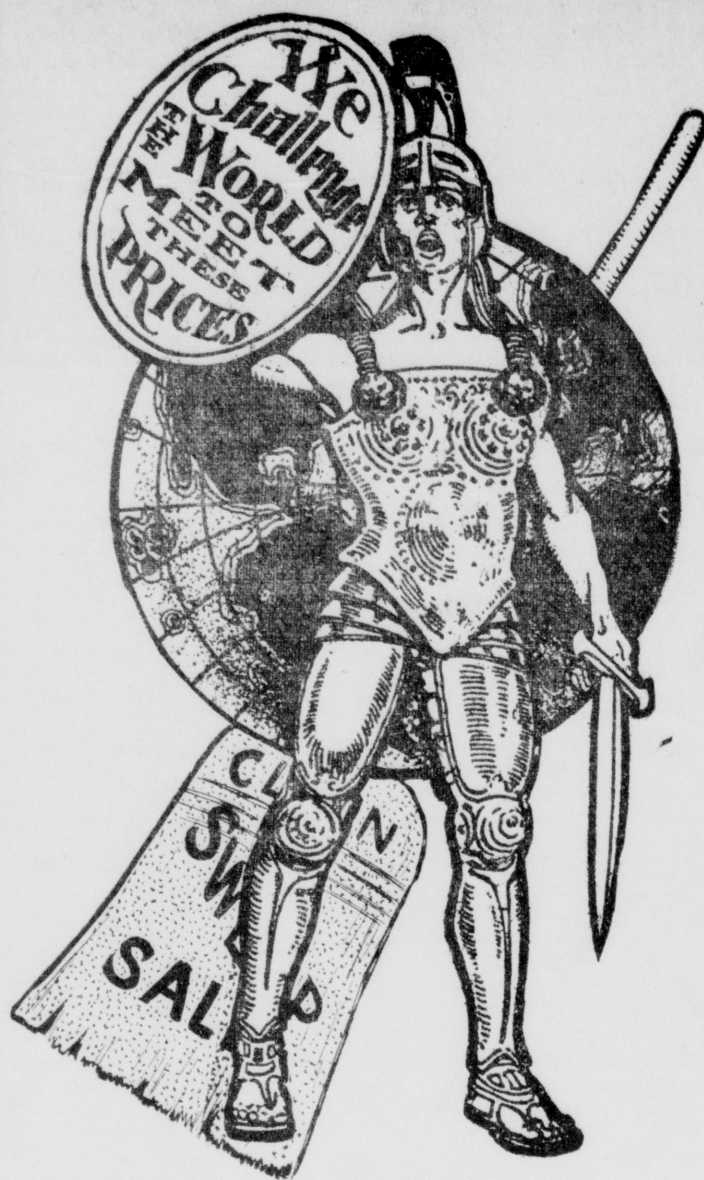

"Dr. Dobson today received a report showing the figures as they stand in the secretary of state's office. Thirty-nine out of the fifty-eight counties have sent in official returns. Those thirty-nine counties show: For the bonds, 46,439; against, 31,004; total, 77,443; necessary two-thirds would be 51,628. As these counties stand the bonds are 5189 behind."

The conclusion, that it takes a two-thirds vote to carry state bonds and that "as these counties stand the bonds are 5189 behind," must be Dr. Dobson's, for surely the secretary of state would not so advise any one. If the doctor will take the trouble to look the question up in the constitution, he will find that the two-thirds requirement applies to county bonds, but not to state bonds. Section 18 of Article XI reads in part as follows: "No county, city, town, township, board of education, or school district, shall incur any indebtedness or liability in any manner or for any purpose exceeding in any year the income and revenue provided for such year, without the assent of two-thirds of the qualified electors thereof, voting at an election to be held for that purpose, * * *."

On the other hand the provision for incurring a state indebtedness is found in Article XVI, Section 1 of which reads in part as follows:

"The legislature shall not in any manner, create any debt or debts, liability or liabilities, which shall, singly or in the aggregate with any previous debts or liabilities, exceed the sum of three hundred thousand dollars, except in case of war to repel invasion or suppress insurrection, unless the same shall be authorized by law for some single object or work to be distinctly specified therein, * * *; but no such law shall take effect until, at a general election, it shall have been submitted to the people and shall have received a majority of all the votes cast for and against it at such election; * * *."

The latter extract from the constitution shows plainly that the "State Highway Act" only needs "a majority of all the votes cast for and against it" at the late election in order to make it a law. In view of this fact the figures from the secretary of state show that, instead of the State Highway Act being 5189 behind in the thirty-nine counties which have reported, it is really 15,435 ahead. It is not likely that the remaining nineteen counties will be less favorable to the act than the thirty-nine were;

THE COMMERCIAL HIGH SCHOOL NOTES

Several weeks ago the students of the Commercial High School organized a society corresponding in a way to the student-body, but with special direction toward drill work in

parliamentary law as a fitting part of the training of those preparing for the business world. Mr. Verne House was elected president, Miss Nora Whizel, vice-president, Miss Alice Wasser, secretary, Mr. Charles Parslow, treasurer, and Mr. Irving Doyle and Miss Hattie Anderson, reporters.

At the last meeting, Mr. Keefover, Director of the Commercial High, turned over to the treasurer of the society, the check received from the Carnival company as prize for the float, and the first important action to come before the society was the disposition of the money. After several motions and amendments, it was decided to spend the large part of the money for a cup to be left with the school, the balance to be applied toward a banquet. Misses Hattie Anderson and Lilla Newton and Messrs. Lucas and Parslow are the committee to select the trophy.

Mrs. Harper had a commendable desire to see for herself what it is that makes her boy so interested in his work and came all the way from Garden Grove to pay us a visit. The only regret we have is that we cannot enroll her too, for she is brim full of the Commercial High spirit of good will and hustle.
